**Email: [teamadmin1@googlemail.com](mailto:teamadmin1@googlemail.com)**

*“We’re surrounded by confusion and disagreement about what exactly we are - and that’s just in the Church. This is tragic because we live at a time of seismic technological, medical and social change. Grappling with the biblical picture which is both ancient and relevant, universal and nuanced, is vital today like never before.”*
